

Breaking News: *A Better Way To Do Self-Study CE!*

We've been listening to you, and you're going to love what we've done! AHEC has been working diligently throughout the 2011 year to respond to your requests for easier to use, and much faster results for self-study materials on-line. We asked for your suggestions, and listened to them. Thank you for your feedback. We understand your pain. Beginning in the first quarter of 2012, AHEC will host a brand new web portal for self-studies online!

The new portal will be cross platform, so you can use it with any browser on your computer. We've simplified the software into one product that works for you. This will make it easier to navigate through the pages of self-study materials at your convenience. It will be faster, because you will be able to read course materials, take the quiz, get the results, and print your own certificate.

You've got to check it out. Keep our website in your favorites, and watch for the "big day", when we open the new portal to make self-studies as convenient and painless as possible for YOU!
