

# What Our Customers are Saying...

## “Mammography: Loving What You Do”

*“Deb is very knowledgeable, she is a very good motivator and you can tell she loves her career.”*

SHERRY FRAZIER

## “Bizarre Radiology”

*“Jim Wall is not only very friendly and entertaining, but highly educated and very good at sharing his information. AHEC is always coming up with wonderful courses and great speakers”.*

EILEEN “ANGIE” ANGELINI

## “The Good, The Bad, The Ugly: Pass or Repeat?”

*“The instructor was excellent. Great, but the excellent delivery of the instructor completed the course! He creates an environment for interaction, self questioning and positive process resolving.”*

KAREN PRECHT

## “Advanced Applications in Bone Densitometry”

*“I really enjoyed this seminar. The information was very good and has helped prepare me to be a better bone density technologist. The instructor was very good and personable”.*

Faith M.

## “Forensic Radiology: Uncovering the Truth”

*“Excellent subject matter, extremely interesting. Dr. Brown was very knowledgeable and interesting with a great sense of humor. One of the most enjoyable classes I have ever taken”.*

SHERRY CHAPMAN

## “Vascular Interventional Registry Review”

*“Instructors were very knowledgeable of information being presented. I learned more in 16 hours than I have in one year of on-the-job training”.*

TERENCE JONES

## “Venipuncture and Pharmacology for Contrast Media Procedures”

*“I really enjoyed the course. It was very informative, very organized, good pace. Congratulations! I would recommend this course to my co-workers.”*

BERNARDETH CASANOVA

## Would independent studies work better for your department?

We have dozens of titles available, ranging from .5 to 24 credits in several modalities. Many of our independent studies are available online or on an interactive CD-ROM format. Whatever your specific goal, we are dedicated to meeting the goals of your department by providing discounted rates, shipping the materials to you, and maintaining the CE records of your employees.

## Home Studies!

| CE's | Home Study Title  | Price Ea |

## Educational Partnerships

In today's cost-conscious healthcare market, providing quality skills training and continuing education for your employees can be a challenge.

Let us help you maximize your training dollars. **Advanced Health Education Center, Ltd.**, is prepared to help meet your challenges by making our courses available in a variety of ways. As the largest provider of continuing education in medical imaging, we have the resources and a group of expert trainers to help you meet your specific goals.

### Did you know we make House Calls?

- On-Site Training and Education
- ACR/ICAVL/ICAEL Accreditation Process
- Operating Protocols
- Evaluate and Improve QC Records
- Policy and Procedures
- Image Quality Analysis and Improvement
- Ergonomics Review
- Clinical Skills Assessment
- Quality Assurance
- Private Tutorials
- Processing and Artifact Problems
- Qualifications for Venipuncture and Contrast Media

800/239-1361

I'm sure glad the hole isn't at my end of the boat!

Is your boat sinking?  
Let us help you!

## Advantages of Partnership

- **Cost**  
Partnership is a cost-effective approach to meeting the employee educational goals and challenges
- **Recognition**  
Your facility is recognized as a provider of exceptional educational opportunities for local technologists. It's a great morale booster and gives your facility maximum exposure in the imaging community
- **Dependability**  
Your technologists will earn CE credit from a leader in imaging training with over 20 years experience and a stellar reputation
- **Ease**  
Scheduling training is easy, because we are determined to remove the hassle. Leave the heavy lifting to us!
- **Targeted Training**  
Training is targeted to improve clinical skills, increase productivity, and promote professionalism

## All you have to do is:

- **Tell us what you need**  
*Modality, date, and your training goals*
- **Tell us how many you need to train.**  
*Have a small group? We can open the class to the local area, market it, and let your facility garner the praise for an outstanding community service!*
- **Provide meeting space at your facility**
- **Provide refreshments**  
*It can be as simple as coffee and donuts*
- **Promote the meeting**  
*Talk it up, let others in your area know about the great course you have arranged, and post the flyers we provide*

## What we will do:

- **Provide faculty and all travel, lodging, and honorariums**
- **Develop and distribute marketing materials**
- **Register, collect fees, and maintain attendance records**
- **Provide certificates for continuing education credit**  
*ACCME Category 1, ASRT Category A, or SDMS as appropriate*
