

Advanced Health Education Center announces ACCME Accreditation

Advanced Health Education Center has announced the successful accreditation by the Accreditation Council for Continuing Medical Education (ACCME). The ACCME is recognized as the leading accreditation for organizations that provide continuing medical education for physicians.

Jence Cantu, Senior Vice President is quoted with saying, " We are delighted to have another successful accreditation survey. We appreciate the dedication of our team lead by Kelli Reddix, VP and Peggy Hoosier, COO in this detailed process. They did an amazing job and we are very proud of the AHEC's Team's success!"

Advanced Health Education Center Announces New Alliance with Texas Health Resources

Advanced Health Education Center Mammography Program has announced a new clinical alliance with Texas Health Resources in the Dallas/Fort Worth/North Texas Region. Expanding clinical opportunities for radiologic technologists to meet the federal guidelines for mammography after mandated training will be the first step in providing local continuing education to meet requirements.

Just recently, surveys have shown a shortage of mammography technologists who meet federal and state guidelines. This joint effort addresses the clinical training requirements that have been on hold since the pandemic. Texas Health Resources serve a 16-county area in the Dallas/Fort Worth/North Texas Region.

Jence Cantu, AHEC Senior Vice President says “AHEC is excited about this new partnership. Texas Health Resources is a vital resource for providing clinical experience to those who are studying mammography and are required to fulfill federal and state supervision conditions. THR provides the best patient care, and we believe this will be a great experience.”

Advanced Health Education Center Announces New Clinical Alliance for Mammography Initial Training Program

Advanced Health Education Center Mammography Program has announced a new clinical alliance with one of the largest health systems in southeast Texas. This organization has inpatient and outpatient facilities located throughout the Houston metro and surrounding area. AHEC is diligently working in expanding clinical opportunities for radiologic technologists to meet the federal guidelines for mammography after mandated training will be the first step in providing local continuing education to meet requirements. Just recently, surveys have shown a shortage of mammography technologists who meet federal and state guidelines. This joint effort addresses the clinical training requirements that have been on hold since the pandemic

Jence Cantu, AHEC Senior Vice President says “AHEC is excited about this new partnership! This organization has deep roots and a stellar reputation for quality patient care. We believe this will be an outstanding opportunity and resource for providing the clinical experience to those who are studying mammography and are required to fulfill federal and state supervised conditions. AHEC continues to grow, and this now expands our options for clinical locations in the Houston metro area and the DFW metroplex. It is a very exciting time for us.”

Advanced Health Education Center Promotes Jence Cantu to Chief Executive Officer and Kelli Reddix to Senior Vice President

August 1, 2021 Houston, TX – Advanced Health Education Center, Ltd, one of the nation’s premier providers of professional continued education and skills training for healthcare providers, and parent company to the renowned healthcare staffing firm MEDRelief Staffing, today announced the promotion of Jence Cantu to Chief Executive Officer and Kelli Reddix to Senior Vice President.

Ms. Cantu, joined the company in 2001 as the Director of Operations in the MEDRelief Staffing division, where she quickly rose to an upper management position. Jence was promoted in 2018 to Senior Vice President, expanding her responsibilities company wide. Prior to joining Advanced Health Education, she was previously with Covenant Health System in Lubbock, TX. Ms. Cantu is a radiologic technologist who received a BS Healthcare Management and a Master of Science in Healthcare Administration from Texas Tech University. She is a member of the American Society of Radiologic Technologists, American Association for Medical Imaging Management, Texas Society of Radiologic Technologists where she is currently serving as a volunteer on the Organizational Development and Marketing committee. Jence continues to serve with the Joint Commission as the Co-Facilitator of the Healthcare Staffing Advisory Counsel.

Ms. Reddix joined the company in 2001 as a staffing consultant and recruiter. Kelli’s drive and talent were quickly recognized where she became a division manager. Ms. Reddix was selected to establish and manage the company’s most recent division of Compassionate Care by MEDRelief Staffing. She was promoted in 2017 to Vice President, expanding her role into the education division. Kelli is a Licensed Vocational Nurse who received a BAAS from Lamar University and Master Business Administration from Louisiana State University – Shreveport. She is a member of the Society for Human Resource Management and American Society of Radiologic Technologists.

Marilyn Sackett, AHEC President said, *“We are very excited to announce the promotion of Jence and Kelli into their new roles. Both ladies have a long and successful history with the company and we look forward to this next chapter for AHEC.”*

Advanced Health Education Center Announces Successful Accreditation of MEDRelief Staffing by the Joint Commission

Advanced Health Education Center has announced another successful accreditation of its staffing division, MEDRelief Staffing, by the Joint Commission in its Accreditation for Healthcare Staffing Services Certification program. The Joint Commission is recognized as the global leader for healthcare accreditation, being an independent organization offering an unbiased assessment. MEDRelief Staffing met or surpassed all the standards for the survey. Being one of the first in the state of Texas to attain this prestigious accreditation back in 2006, MEDRelief Staffing has maintained this high standard in all eight previous surveys. This success is unprecedented in the industry.

Jence Cantu, Senior Vice President of AHEC / MEDRelief Staffing is quoted with saying, " We are delighted to have another successful survey. We appreciate the dedication of our recruiters, staffing consultants, credentialing and business services staff, along with our clinical employees who continue to work to meet the gold star standards set by the Joint Commission which we believe result in higher quality patient care. We are very proud of the MEDRelief Staffing Team's success!"
